What is GitHub?

www.github.com

What is GitHub?

- Largest web-based git repository hosting service.
- Allows for code collaboration with anyone online.
- Adds extra functionality on top of git.

- I'm Melanee.
- I'm an analytical chemist.
- I'm working on data science, ML and AI.
- I'm looking to collaborate on data science projects.
- Ask me about python.

17
18  def resincal(p1, p2):#heigthh,lengthh,widthh):
19      #print(p1, p2)
```

Version Control with Git

What is Git?

For implementing Version Control Systems (VCSs)

What is version controls?

- A system that keeps records of your changes.
- Allows for collaborative development.
- Allows you to know who made what changes and when.
- Allows you to revert any changes and go back to a previous state.
